On motion of Mr. Higgins it was

Voted: That at 8.30 o'clock this meeting shall recess until 8.40 p.m.

On motion of Mr. Hill, Chairman of the Finance Committee it was voted that Article 1 of the warrant be taken up.

Mr. Hill presented the report of the Finance Committee in printed form and it was voted that the same be received.

Mr. Elliott R. Barker then presented the report of the Committee on Additional School Accommodations, and it was voted that the same be received. Said report is as follows:

To the Moderator and Town Meeting Members:

The Committee on Additional School Accommodations authorized by the Town Meeting of October 6, 1922, was appointed by the Moderator during February, 1923, as follows: Messrs. Elliott R. Barker, William C. Scannell, Howard B. S. Prescott, Thomas J. Donnelly, Jr., and Harry C. Lear. Owing to urgent business matters Mr. Prescott resigned at our first meeting and was replaced by Mr. R. Walter Hilliard.

Your Committee has held several meetings to study the needs of the Town in the matter of school accommodations and through the hearty co-operation of the Superintendent of Schools, who submitted detailed statistics, is now able to make the following

statements covering existing conditions and what we believe will be the existing conditions in the near future:

1. The recent installation of the so-called 6-3-3 plan has relieved overcrowding in the Senior High School by putting the freshman class into the Junior High Schools. Therefore, we found satisfactory housing conditions for the senior and junior high school grades.

2. Arlington has five school houses for grades below the Junior High and in all but one (namely the Russell School) there are more classes than classrooms as shown by the following schedule:

	<i>Classes</i>	<i>Class- rooms</i>	<i>Excess Classes</i>	<i>Vacant Rooms</i>
Parmenter School	6	5	1	0
Russell School	10	12	0	2
Crosby School	20	16	4	0
Cutter School	14	8	6	0
Locke School	20	16	4	0

The apparent overcrowding in the Parmenter School is taken care of by the platoon system in the sub-primary and first grades.

The remaining four schools can best be divided into two groups, the Russell-Crosby group serving the town East of Arlington Centre, and the Cutter-Locke group serving that part of the town above the Senior High School.

3. The Russell-Crosby group shows two vacant rooms in the Russell and four excess classes in the Crosby. A further study of the school population shows enough 5th and 6th grade pupils living between the two school houses or in localities practically as near the Russell as to the Crosby, as to fill the two vacant rooms in the Russell School. In this way, the platoon system in the Crosby School can be largely eliminated.

4. The Cutter-Locke group has ten excess classes which are now accommodated by intensive use of the "platoon system," by use of school auditoriums, hallways, basement rooms and teacher's rooms, none of which are suited for classroom work, either because of defective light or ventilation.

Your Committee has found the best solution for this problem of overcrowding in their opinion to be the construction of a new school house.

A further study of school population as of March 21, 1923, shows 275 pupils residing in school districts 30, 32, 34 and 36 who are now either in the Cutter or Locke Schools.

The Town owns a lot bought for municipal purposes at the corner of Forest and Summer Streets, almost in the geographical center of the above mentioned school districts. The removal of these 275 pupils from the Locke and Cutter Schools will relieve all overcrowding at both of these schools, thus eliminating the "platoon system," and reducing the size of the remaining classes sufficiently for considerable growth in nearly all grades.

5. There are ten classes living in school districts 30, 32, 34 and 36, which could be transferred to a new school immediately. Before a school house can be built we shall have many more pupils from this rapidly growing section.

We have seven grades below Junior High School, therefore, it seems most logical to recommend a fourteen room building, thus providing two rooms for each grade.

6. To determine the probable cost of such a building your Committee consulted two well known architects, who are now engaged by various towns and cities in our vicinity, designing and constructing school buildings. From information furnished by these architects based on buildings of about the same size your Committee believes that the Town should appropriate \$210,000 for the construction of a new school building.

SUMMARY. Your Committee, therefore, recommends that a fourteen room school house with auditorium to seat 300 be erected on land now owned by the Town at the corner of Forest and Summer Streets, that the sum of \$210,000 be appropriated therefor, and that a building committee be appointed to engage an architect and supervise all details pertaining to the erection of said building.

We also request that this committee on Additional School Accommodation be discharged.

Respectfully submitted,

(Signed)

ELLIOTT R. BARKER, *Chairman.*

CHARLES H. HIGGINS

NELSON B. CROSBY

CHARLES B. DEVEREAUX

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, November 28, 1923.

MIDDLESEX COUNTY:—

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and object of the meeting was published in the local papers and an attested copy was posted at the doors of the Town Hall seven days at least before said day of meeting.

DANIEL M. HOOLEY,

Constable of the Town of Arlington.

Arlington, December 5, 1923.

Pursuant to the warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington by a constable of said Town, and sent by mail by the Town Clerk at least seven days before the day of the meeting to the Town Meeting members elected and qualified to act in Town Meetings in Arlington, the Town Meeting members met at the Town Hall in said Town on Wednesday, December 5, 1923 at 8 o'clock in

In accordance with the provisions of Section 14 of Chapter 41 of the General Laws ballots were cast for the election of a temporary clerk of the meeting. Messrs. Edward S. Fessenden, George Smith and Rodney T. Hardy were appointed by the Moderator to collect and count the ballots. They declared that all the votes were for E. Caroline Pierce and declaration was made that she was unanimously elected temporary clerk.

The Clerk was duly sworn by the Moderator.

The warrant and the officer's return thereon were read by the Clerk.

Mr. Higgins moved that Article 1 be taken up. (Report of Committees.)

Mr. Walter Peirce, Chairman of the Committee, appointed April 16, 1923, to investigate the matter of additional fire protection in the western section of the Town, made the following report:

"The committee appointed to consider additional fire protection for the western section of the Town are looking into the matter with a view to providing for the future development of that locality, at a later meeting will make known their plans.

The need of additional protection is not urgent, except beyond the standpipe, in which area, there are many streets that are inaccessible for heavy motor apparatus, during winter and early spring, where hose ladders, and other appliances might be located temporarily in some convenient place, this would also apply to the Overlook Road section, on the opposite hill, where the same conditions prevail.

Fires in the hilly section of the town were always feared during the winter months, on account of snow, but last winter clearly demonstrated that plows can keep the highways open, and the coming winter we expect that motor apparatus will be able to respond to all fires on accepted streets with little delay."

WALTER H. PEIRCE, *Chairman.*

On motion of Charles H. Higgins:

Voted: That the report of the committee on investigation of additional fire protection in the western section of the Town is received.

Mr. Stackpole moved that the report of the Finance Committee as presented in their printed report be now received.

Article 9 taken up. (Installation of accounting system).

Mr. Stackpole explained to the meeting the purpose of installing this system and gave the principal features of the report which had been made by the committee composed of Messrs. W. S. Fairchild, Frank H. Walker and Earl A. Ryder, as follows:—

Its primary object is to give information that will assist the Administrative Offices in the performance of their duties and inform the public as to the expenditure of funds by the several departments.

The cost of installation will be approximately two thousand (2,000) dollars. At this time two hundred and twelve cities and towns in the Commonwealth are either using the "Standard System" of Accounting or have voted to do so as soon as the state can install the system. The tendency of State Legislation is toward requiring uniformity in municipal accounting system and it will probably be only a short time before it will be compulsory for a Town to install the system.

Voted (unanimously), That the Selectmen be and hereby are authorized and directed in the name and behalf of the Town to petition the Director of Accounts in the department of corporations and taxation for the installation of an accounting system as provided in Section 35 of Chapter 44 of the General Laws.

Article 10 taken up. (Additional appropriations):

Voted, That the additional sums be appropriated to defray town expenses as follows:—

For the public schools, the sum of four thousand (4,000) dollars, said sum to be taken from available funds in the treasury and expended under the direction of the school committee.

One hundred and sixty (160) Town Meeting members attended the meeting.

The meeting dissolved at 8.37 o'clock.

A true record, attest:

E. CAROLINE PIERCE, *Temporary Clerk.*

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen submits the following report for the year ending December 31, 1923.

At the annual March meeting of 1923, Mr. Charles B. Devereaux was re-elected a member of the Board for a term of three years, and was sworn to the faithful performance of his duties. The Board organized with the election of Charles H. Higgins as Chairman, and S. Frederick Hicks, Clerk of the Board and Agent of the Overseers of the Poor.

It is with deep regret that we recall the death, on April 9, 1923, of Mr. Thomas J. Robinson, who, at the annual election, had received his usual complimentary vote from his townspeople. As Town Clerk, Clerk of the Board of Selectmen, Joint Board of Selectmen and Public Works, Cemetery Commissioners, and as Registrar, Mr. Robinson, through a service of twenty years, had acquired a knowledge of town government which was invaluable to the numerous departments of the town. Miss E. Caroline Pierce, who had served as Assistant Clerk, was appointed for the unexpired term.

TOWN DEBT AND TAX RATE

The net debt on the thirty-first day of December, 1922, was \$786,000. The net debt on the thirty-first day of December, 1923, was \$906,000. To avoid repetition, a detailed account of the different departments will be found in their respective reports.

In reading the department reports and recommendations, your first consideration must be the unusual and unexpected growth of the town the past year, as evidenced by the value of the building permits issued, totalling \$3,932,000. With a total of \$2,622,490 for 1922 in addition, it is reasonable to expect increased appropriations for the proper functioning of all departments.

FIRE DEPARTMENT

The report of the Chief of this Department is worthy of your careful consideration. Pursuant to the vote of the annual meeting, the Board appointed Daniel B. Tierney permanent

Chief. This was an appointment from the ranks of the permanent men, through devotion to duty, ability to handle men, and close study of modern methods of fire fighting. The appointment of three additional men caused the placing of a fourth piece of apparatus in commission. A fifth piece is held in reserve, and the Board believes it wise to sanction the appointment of men to man this additional apparatus. These latter pieces were built by the men of the department, much to their credit, at an expense to the town of about \$1,000 each. They are light, yet serviceable, and will be used on still alarms and forest fires, saving much unnecessary mileage on the heavier apparatus.

The Board asks that the recommendations of the Chief be carried out. These call for a division of the town at Jason and Mill streets, with two pieces of apparatus at Broadway house, and three at Highland house, thus leaving the force in either house to answer second alarms, or alarms when either force may be occupied at a fire. The method heretofore of having all apparatus answer all alarms, leaving the balance of the town unprotected is surely obsolete.

The installation of the fifth piece of apparatus will necessitate some interior changes to the Highland house building, to enable three pieces to leave the building through two exits. This building is in fairly good condition, but will need a new floor by another year. The Broadway house is in only fair condition. The Board believes it is unwise to expend much for its repairs, with the necessity of a new central station for fire alarm systems and apparatus in the immediate future. With a continued growth of the town, more apparatus or a replacement of some of the present pieces will be necessary. The apparatus and appliances, as a whole, are in excellent condition. There have been no conflagrations during 1923, however, conditions may be favorable for one at any time and it is your desire, we feel, to keep the department up to the necessary standard and commensurate with our growth. At this time the Board wishes to express to the Chief and his men, its gratitude for the excellent work the department has done in the matter of inspections, and help freely given in the listing of the innumerable garages in town. Some 4180 inspections

were made, most of them during time off duty. Unquestionably this work has decreased the number of fires which otherwise would have shown, especially among store property. The appointment of a Permanent Chief terminated the service of the Call Chief. The Board reluctantly accepted the resignation of Mr. Walter H. Peirce, who for sixteen years had been Call Chief of the Department. Through Chief Peirce's endeavors the greater part of the present force has been assembled. Under his administration horse-drawn apparatus was supplanted by the motor, and upon his recommendation more permanent men were added to the force. He got efficiency at moderate expense. The town is indebted beyond measure to him for the time he so willingly gave. He relinquished office with the entire good will of those who served under him, and his influence will be a valuable asset to the department for many years. It will be necessary each year to install additional fire alarm boxes to cover the new territory developed.

POLICE DEPARTMENT

At the present time the department consists of a Chief, Lieutenant, two Sergeants and twenty patrolmen, of which number, six are in the traffic squad. Following the recommendation of the Chief, a traffic squad of six men was formed early in 1923. These men were chosen from the younger men of the Department and with special training, soon became adept in the various traffic signals. The wisdom of creating this squad soon made itself evident, especially in aid to pedestrians. Theodore R. Belyea was appointed acting Sergeant of this traffic squad, his appointment being made permanent later in the year. The Board believes this squad should be increased to cover other dangerous traffic points in the town. This Department likewise is affected by town growth, and the need of additional men is as evident as in the Fire Department. Interruptions to regular patrol and traffic duty come at any time and without warning, through sickness, disability, and attendance at court. This creates a condition which calls for a rearrangement of the men, or the possibility of certain districts being uncovered for short periods. Arrests mean attendance at court. The Chief's report shows 110 days' attendance by

himself, and 502 days by officers. The Police Department can be shorthanded as well as any other organization. The Board believes that the distribution of the men for the past year has been well carried out.

A flashing beacon was installed at Mystic and Summer Streets operated by electricity instead of gas. The operation of this beacon is fully as satisfactory and much cheaper than the one at Pleasant Street. More electric beacons will probably be installed this year. Spotlights, where not already installed, will be placed for the protection of the traffic officers when on duty. These lights are on separate switches and can be turned off when not in use.

The Ford car used by the Department is turned in each year for a new car. The Board believes this to be more economical than repairing the old car.

We believe the town to be clean and orderly, and commend the Chief and his men for the good showing made. As in the Fire Department the installation of new signal boxes will be required from time to time. The request for increased salaries, also the condition of Police Headquarters will be taken up under other headings.

PARK AND ENGINE HOUSE TAKINGS

Court decisions have been rendered on all the property taken for Park and Engine House purposes between Massachusetts Avenue, Broadway, and Franklin Street and an itemized account of the expense is herewith appended. The buildings on the Engine House takings (3 single and 1 double) have returned a revenue to the town in rents since the vote of taking at the annual meeting of 1922. In addition, the sale of these buildings will be another credit to the cost, as shown below. Also the 1922 taxes, with the exception of a portion on the Mullen property, so called, were paid by the original owners.

ROBBINS MEMORIAL HALL

With the renovating of the roof in 1922, and the refinishing of the greater part of the interior the past year, this building is in excellent condition. The stage and ante rooms need refinishing and enough money is asked for to complete this inside work. (This work was not included in last year's appropriation, the Board feeling that the entire work could well be apportioned over a two-year period.) The oil-burning heating apparatus was installed last fall and thus far is working well and giving satisfaction. For the short time it has been working, it is not possible to give an accurate comparison of the cost of operation compared to coal, but the Board is of the opinion that it is cheaper, and the heat much more uniform than with coal. Interior alterations may be necessary in a few years for the better accommodation of some departments.

The rentals for 1923 amounted to \$3,754.

MENOTOMY HALL

This building has passed the point where it can be rated as of much benefit to the Town as an asset. There were only seven rentals in 1923 and it is doubtful if they will increase in 1924. By virtue of the decreased rentals the Board has allowed the use of one room and the hall for Boy Scout activities, and at present a schedule is being worked out for the joint use of the hall by Boy and Girl Scouts and Junior High School pupils, subject to whatever rentals may be made. Arrangements will be made with the School Committee for a nominal rental. The

east side of the ground floor is occupied by the Police Department which is crowded at present and will be more so with the addition of new men from year to year. The cells situated in the basement are obsolete and unhealthy. The Board is of the opinion that the Town should secure at once land for a new modern police station, and it so recommends. We believe that a site less valuable can be purchased. It seems good business to build anew, rather than remodel present police quarters, when the arrangement is such that satisfactory results can not be obtained.

BUILDING LINES

With a forward look, the Board strongly believes that it is wise to establish as soon as possible, building lines on those of our streets which are main arteries, with a view to future widening, also on many of our shorter residential streets, to prevent the encroachment of stores beyond the usual set back of dwelling houses. A condition exists at the Cooper Tavern property which should be remedied. The northerly line of Broadway should be extended to an alignment with the northerly line of Massachusetts Avenue, at Medford Street.

COMMON VICTUALLERS

The Board each year is receiving an increased number of applications for Common Victuallers' licenses. This Town has not adopted the Sunday Opening laws which would permit the free sale of fruits, candies, sodas and ice cream by all dealers handling the same; in other words a wide open Sunday. The Board believes the citizens would not approve of such conditions.

The law governing Common Victuallers says that, "No license shall be granted unless at the time of making application therefor the applicant has upon his premises the necessary implements and facilities for cooking, preparing and serving food for strangers and travelers; and every common victualler shall, at all times, be provided with suitable food for strangers and travelers; the licensing authorities shall not be required to grant said licenses if, in their opinion, the public good does not require it." Few applicants can afford to meet the requirements of the law. Some who do, soon neglect or refuse the serving of food, treating their licenses merely as a Sunday opening privilege

for the sale of sodas, candy and ice cream. This is purely a violation of their licenses, and explains why some licenses are revoked, and why others are never renewed. The Board has been exceedingly patient with those who are endeavoring to do a bona fide victualler's business, but resents the attitude of those who secure licenses with no intention of fulfilling their requirements, but simply consider them Sunday opening privileges.

INCREASED SALARIES

The Massachusetts Police Association, at a meeting held in the late summer, voted unanimously for a dollar a day increase for all policemen. This request came to the Board through a delegation from the Arlington Department and a further request was made by the Chief of the Department in his annual report to the Board. A survey of the wages paid in Greater Boston as well as the State at large, shows a wide variance in minimums and maximums, also in periods of service before the maximum is reached. Each municipality evidently thinks it has definite problems and customs, and has arranged a wage and period of service to correspond. Boston, Brookline and Newton have minimums of \$1,400, with maximums of \$1,700 to \$1,825; Belmont has \$1,300 minimums with \$1,800 maximums; Metropolitan Police, a minimum of \$1,400 and maximum of \$1,800. Cities outside of Boston, like Worcester, Springfield, Haverhill, Lawrence, etc., pay around \$5 to \$5.25 per day. The period of service varies from three to five years. Some municipalities have already granted increases, in others, action is pending. The result will be varied minimums and maximums, and periods of service, as before. Since 1919, Arlington has paid \$5 per day, maximum or \$1,825 per year, with a minimum of \$1,600 for first year and \$1,700 for second year, the maximum being reached at end of the second year of service; Sergeants \$2,000, Lieutenant \$2,200 and Chief \$2,500. This shows a higher minimum than surrounding cities and towns and a maximum equal or greater, which has been to the benefit of the men for the last three years. In the opinion of the Board a fair solution would be an increase of the maximum from \$1,825 to \$2,000, with a five-year period of service, as follows: first year \$4.40 daily, second, \$4.70, third \$5.00, fourth \$5.25,

fifth \$5.50. Sergeants, yearly \$2,200, Lieutenant \$2,400, Chief \$2,750. This permits the maximum to be reached after four-year service, and is a continuation of year's present rate for a three-year period. The increase to the superior officers is natural, with an increased force. The Board therefore recommends that sufficient money be appropriated to care for the increased maximums, and increases to superior officers in both Police and Fire Departments to be effective January 1, 1924, as to superior officers, and at the expiration of the year's service, as to subordinates.

OUTSIDE POOR

Disbursements from this appropriation seem to run fairly even from year to year, and are governed chiefly by sickness and unemployment. With the growth of the Town a natural increase in expenditures must be looked for. The Town has to finance some cases of persons who have settlements in other cities or towns, although at present living in Arlington. Five years' residence constitutes a settlement. Reimbursements of such cases go direct to the treasury, and do not show as a credit to the Poor Fund. A substantial increase is asked for in 1924 to satisfy bills on account of emergency accident cases, many of which the Town may be forced to pay. By statute, a hospital is protected to the extent of demanding payment from the Town within which it is situated for services rendered in emergency accident cases, whether the person is injured in this Town or another town, or whether he is a resident of this or some other town or city.

The Symmes Hospital endeavors to collect such charges from patients, but all bad collections, it seems, will have to be taken care of by the Town. In addition all work of tracing settlements, next of kin, etc., in connection with these cases has to be assumed by the Board. This statute has been in force for a good many years, but until recently its provisions have not been resorted to by the hospitals.

Reimbursements from other towns and cities for 1923 amounted to \$6,832.68.

GARAGES

New regulations by the Massachusetts Department of Public Safety, as to the construction of garages and the storing

and keeping of gasoline for sale became operative in June of this year. These regulations called for the listing of all garages in existence at that time, and a public hearing on all applications for the construction of new garages. Through the voluntary services of Chief Tierney and Building Inspector Gratto, the listing has been very nearly completed. One night every other week has been given over by the Board for garage hearings.

It has been the policy of the Board not to grant locations for community garages of large capacities in residential sections within places where they would seem to increase traffic congestion.

INSURANCE

The Board recommends an increase in Town insurance based on eight per cent of valuation. This valuation can be reduced at any time when building conditions warrant so doing. Adjustments have been much more speedily made through the Town insurance agent, than formerly. The superiority of the present method over the old has been clearly demonstrated the past year. Following is a list of our public buildings with valuations and contents:

One-way streets have been created, whenever conditions warranted, for the better distribution of travel.

No action has been taken on the application of the Middlesex and Boston Street Railway to operate busses from the car barns at Arlington Heights to the Lexington line. As the road has but a small trackage within the Town limits, the Board's action will necessarily be governed very much by Lexington's solution of this problem. In any event, the town interests will be safeguarded in all respects. The Board recommends that an appropriation be made for the proper observance of Armistice Day, that the youth and children may be yearly impressed with the true meaning of this day.

REPORT OF FIRE DEPARTMENT — 1923

ARLINGTON, MASS., January 1, 1924.

To the Honorable Board of Selectmen:

Gentlemen: I have the honor to submit my first report as Chief of the Fire Department, for the year ending December 31, 1923.

Up to May 1st the Department was in charge of a Board of Fire Engineers, Walter H. Peirce, Chief; Frank P. Winn, First Assistant; Daniel B. Tierney, Second Assistant.

On the recommendation of Chief Peirce and Assistant Chief Winn, the Town voted to accept the provisions of Sections 42 to 44, both inclusive, of Chapter 48 of the General Laws, relating to Fire Departments, establishing a fire department to be under the control of an officer to be known as the Chief of the Fire Department.

Four permanent captains were appointed, Mead, Sweeney, Corbett and O'Brien, men who have served the Town faithfully for twenty-eight, twenty-six, twenty-three and twenty years, respectively.

The Department now consists of twelve permanent men, three of whom were appointed in May and twenty-four call men.

October 1st, Combination E (reserve since 1918) was put into regular service, responding to all bell-alarms from Cambridge, Somerville line to Jason-Mill Streets. By this arrangement East Arlington is benefited by the arrival of two pieces at the same time.

The Department responded to 96 bell-alarms, 174 still-alarms, 6 out-of-town calls, a total of 276 alarms.

While the number of alarms is 23 greater than last year, the regular apparatus did much less work as Combination E responded to 50 telephone calls and the Chief's car to 58.

1923

Response of Apparatus:

Combination A, 109 calls
 Combination B, 123 calls
 Combination D, 12 calls
 Combination E, 74 calls
 Ladder 1, 93 calls.

1922

Response of Apparatus:

Combination A, 181 calls
 Combination B, 171 calls
 Ladder 1, 112 calls

VALUE OF PROPERTY ENDANGERED

Value of buildings, \$300,075; value of contents, \$52,400; total, \$352,475.

Insurance on buildings, \$320,890; insurance on contents, \$49,800; total \$370,690.

Insurance paid on buildings, \$21,928.50; insurance paid on contents, \$9,378; total, \$31,306.50.

APPROPRIATION

Appropriation, \$33,187; expended, \$32,937.20; unexpended balance \$249.80; receipts, \$46.

See Auditor's Report for details.

APPARATUS

The fire apparatus consists of five (5) pieces, all of which are in good condition.

Combination A, Knox Motor Combination, 35 gallons chemical tank, 1,000 feet of hose purchased March, 1911, for \$5,500.

Combination B, Knox Motor Combination (triple) 650 gallon pump, 40 gallon chemical tank and 1,200 feet of hose, purchased June, 1913 for \$6,500.

Ladder 1, Robinson Motor Combination, 40-gallon chemical tank, 335 feet of ladders, purchased December, 1915, for \$6,000.

Combination D, Knox Motor Combination, 25-gallon chemical tank, 700 feet of hose, built by men at Highland Station in 1917 at a cost of \$990.

Combination E, Knox Motor Combination, two 35-gallon chemical tanks, 1,000 feet of hose, was built by men of Central Station in 1918 at a cost of \$1,500.

Chief's car, Knox Motor, rebuilt by the Department in 1922, at a cost of \$1,112. All minor repairs are made by the

firemen who are willing and competent to make almost all needed repairs had they the necessary equipment.

During the year new wheels and tires were bought for Combination B. The wheels of Combination D and E were cut down and fitted with new tires. Three pieces, A, D, E, now have tires of uniform size.

FIRE PREVENTION

By the regular and systematic inspection of stores, offices, factories, halls, apartment houses, etc., the Fire Department is striving to lessen the number of fires. Every hazard reported has been investigated and a total of 4,180 inspections were made in 1923.

In addition, 1,130 small garages, 216 old buildings, in which motor vehicles are kept were inspected, 495 of these were re-inspected, making a total for the year of 6,021.

All school buildings were inspected, 47 extinguishers re-charged, 18 defective hose replaced, 18 lengths of 2-inch hose tested and on our recommendation, 24 additional extinguishers were purchased.

The majority of inspections were made by the officers and men on their "days off" each man giving one-half day to the work.

With few exceptions, owners and occupants have been most willing to correct any dangerous condition called to their attention, often at a considerable outlay.

168 permits were issued to burn rubbish out of doors. These permits may be obtained at either fire station at any time.

RECOMMENDATIONS

Arlington has grown so rapidly it is no longer safe to depend upon a one-alarm fire department. It is imperative that each station be equipped and manned to take care of its section and to assist at a second alarm in either section. On two occasions during the past year an alarm came when the whole force was fighting a fire and in consequence, of the necessary delay, the second fire did much more damage than if the Department had been divided as suggested; therefore, I strongly recommend the appointment of three (3) additional men that this arrangement may be made.

Some alterations and repairs should be made at Highland Station. At present it is necessary to remove Combination A in order to get Combination D out.

If the stairway which leads to the apparatus floor were moved to another part of the building, the needed space would be furnished. (The lumber would be the only expense as the men would do the work.)

I recommend the appropriation of \$41,534.90 for the maintenance of the Department for the ensuing year, this sum to cover the expense of the recommendations made.

In concluding, I extend my thanks to your Honorable Board for the courteous treatment and splendid support you have given me the past year.

I also extend to the former Chief, Walter H. Peirce, my thanks for his kindly advice and helpful suggestions that have been of such great assistance to me in my new work.

I thank Chief Urquhart and his officers for their perfect co-operation with the Fire Department.

To the Town Engineer, George Ahern and his Department, I wish to express my appreciation for the many favors received from them.

To Executive Harvey Bacon and the Boy Scouts for their valuable assistance at the fire in Peirce's woods and the distribution of circulars during Fire Prevention Week, I extend my thanks.

To the officers and men of the Fire Department I extend my sincerest thanks for their faithful devotion to duty and for the loyal and generous help which they have given me.

Respectfully submitted,

DANIEL B. TIERNEY,
Chief.

REPORT OF CHIEF OF POLICE

ARLINGTON, MASS., January 1st 1924.

To the Honorable Board of Selectmen:

Gentlemen: I have the honor to submit to your Honorable Board a report of the doings of the police department for the year ending December 31st, 1923.

During the year there were 1,174 arrests, of this number 1,151 were males and 23 females; 85 were juveniles or persons under 17 years of age, 448 were residents and 726 were non-residents. The Chief attended Court 110 days and the officers 502 days. Fines and costs to the amount of \$4,019 were imposed by the Court and 605 day's imprisonment.

The number of complaints of crimes against the person (assault and battery, manslaughter, rape, robbery, etc.) was 35. For crimes against property, (breaking and entering, larceny, unlawful appropriation, etc.) 117. For crimes against public order (misdemeanors which include violations of the auto and traffic laws, disturbances and drunkenness, etc.) were 1,022. Of this number 164 were fined, 342 were placed on file on payment of costs, 56 placed on probation and 41 were discharged.

There were 184 auto collisions in which no personal injury was involved and 134 accidents and auto collisions in which personal injury was involved and investigations made by your police. Four autos were reported as stolen in Arlington during the year and recovered; 1,550 autos were reported as stolen in the Metropolitan District and of this number we recovered 13 and returned them to owners. 706 sales of automobiles made by residents were recorded at the police station.

The coming year will see a greater congestion of traffic and there should be a traffic man posted at the junction of Medford and Chestnut streets to care for the large number of pupils that attend the Parochial school at this point and another at the

junction of Summer and Mystic Streets where many near accidents have taken place. There were four fatal auto accidents this year as against six the previous year.

At a convention of the Massachusetts Police Association earlier in the year (an association to which a majority of our patrolmen belong) I have been informed that a unanimous vote was taken in favor of a one dollar per day increase in wages for patrolmen throughout the State and the proper officials of many cities and towns have already (Arlington included) been requested through a committee of their local police to grant this measure. Your town laborers are receiving $56\frac{1}{4}$ cents per hour as against $55\frac{1}{2}$ cents per hour for the police the laborer getting extra pay at the rate of time and a half for overtime and the police get nothing; I submit under separate cover a list of over 50 cities and towns having organized police departments with full and complete data as regards pay, appropriations and increased pay asked for and an analysis of this list will show that this department has been economical in its expenditures. I urge that the sum of \$58,108.05 be appropriated for the salary budget for 1924 and that the request of a dollar per day increase be granted.

The time has arrived when the needs of a new police station must be considered. We have outgrown the present quarters and the continued maintenance of the old town hall for this Department at the extraordinary expense necessary for the upkeep make it anything but a business proposition and one in which for a business man in his own private affairs would spell failure.

I ask that a proper committee be appointed to investigate the advisability of new police headquarters and that the sum of \$300 be appropriated for this purpose.

The appropriation asked for the police department for the ensuing year is as follows:—

For the salary budget, at present rate including three new men	\$49,324.05
For the salary budget, if increase of one dollar per day is granted	58,108.05
For the telephone budget (same as last year)	275.00

For the automobile budget (same as last year)	\$1 600.00
For the general expenditure budget	2,000.00

Total appropriation without increase of pay	\$53,199.05
Total appropriation with increase of pay	61,983.05

I respectfully ask that the increase of pay be granted and that the sum of \$61,983.05 be appropriated for the police Department for the year 1924.

This report has been greatly abbreviated for printing at the request of your Honorable Board, but a full detailed report has been rendered for your files.

In conclusion I wish to extend to your Honorable Board and the citizens my deep appreciation for the strong support given us in the discharge of our arduous duties.

Respectfully submitted,

THOMAS O. D. URQUHART,
Chief of Police.

REPORT OF INSPECTOR OF ANIMALS

ARLINGTON, MASS., January 24, 1924.

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit my report as Inspector of Animals for the town of Arlington.

During the past year, several outbreaks of rabies took place in our town, but with the aid of quarantine, the dogs in the localities where cases developed, we were able to control this disease. 63 dogs were quarantined during the year; 11 of these were cases of rabies; 29 were dogs which had bitten people; 23 were dogs which had come in contact with rabied dogs. Of the number of contact cases, only 4 developed rabies. This small number is without doubt due to the fact that the other dogs were given the preventive treatment.

Three cases of tuberculosis among cattle were found in the Town during the year. At the spring inspection, it was very noticeable in the decrease in the number of hogs found in the Town, due to the Board of Health regulation. The number of cattle remains about the same from year to year.

Respectfully submitted,

F. HOLDEN SMITH, V. M. D.

Inspector of Animals.

REPORT OF TOWN PHYSICIAN

ARLINGTON, MASS., January 1, 1924.

To the Honorable Board of Selectmen:

Gentlemen: I hereby submit a report of the work done by the Town Physician for the year ending December 31, 1923.

The duties of the Town Physician are divided into two parts — 1, the care of the outside poor; 2, that of acting as police surgeon.

- | | |
|--|----|
| 1. The number of outside poor calls at home | 80 |
| The number of office calls including vaccinations | 40 |
| Patients taken or sent to insane hospital | 4 |
| 2. Emergency calls at police station and accidents | 38 |

Owing to the excellent work of our new traffic squad the number of serious automobile accidents has decreased greatly the past year. This is especially noticeable in the number of fatal accidents to small children.

Respectfully submitted,

HAROLD R. WEBB,
Town Physician.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit my tenth annual report as Moth Superintendent for year ending Dec. 31, 1923.

The Town as a whole is in a very good condition so far as the Gypsy Moth is concerned but there is an increase in the Brown Tail Moth nests. There are scattered all through the Town nests of both the Gypsy and Brown Tail Moths but as a whole we compare favorably if not better than conditions in surrounding Towns. Much brush cutting was done the past year on account of the Tent caterpillar and also as a protection against the Gypsy Moth alongside walls in the Park and on our back streets. Our worst colonies are on the Willows along the shores of Spy Pond and Mystic Lake also in Meadowbrook Park. A very bad infestation exists in Belmont just over the line at the Lake St. end.

There is a condition there which in my opinion is a menace and we shall always have trouble in that section until that colony is cleaned up. It would be a sad mistake to suspend work at this time as no man can tell what conditions will be in the future as extermination is impossible, but there is a possibility that much of the work could be eliminated and with great care your appropriation somewhat reduced so that the money heretofore appropriated was not wasted. The following is a statement of expenditures, and location.

In respect to the memory of Mr. Thomas J. Robinson, for many years Clerk of the Board of Cemetery Commissioners we wish to place in our Annual Report for 1923 the Resolutions passed at a meeting of the Board of Cemetery Commissioners on April 20, 1923.

RESOLVED: Our Clerk, Thomas J. Robinson, having passed from this earthly life on April 9, 1923, we wish to express our regard for one who had endeared himself to us in so many ways. He had been our Clerk for over twenty years and faithfully performed his duties. In all his positions of responsibility his conscientious devotion to duty has been a conspicuous characteristic. Honesty and frankness were without dissimulation. We shall miss his interested attendance at our meetings, but we shall always cherish in our memory those stable qualities

which make the record of an honorable and useful life. A man dear to all of us, respected by all who knew him, honored by his associates, beloved by his friends, kindly, sympathetic, helpful and a useful citizen in the fullness of his strength has been called from these earthly scenes and has entered upon the pathway which leads beyond our sight. We desire to record our appreciation of his life and our grief at its close and also desire that the above be spread upon our records and a copy sent to his family.

WARREN A. PEIRCE,

GEORGE G. ALLEN,

J. E. KIMBALL,

Cemetery Commissioners.

EDWARD A. BAILEY,
Collector of Taxes.

December 31, 1923.

AUDITOR'S STATEMENT

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
Auditor.

December 31, 1923.

AUDITOR'S REPORT

For the year ending December 31, 1923.

The regular audits of the accounts of the Treasurer, Collector, and other officials having the handling of the Town Funds have been made and found correct. The list of uncollected taxes, and assessments as taken from bills and accounts in Collector's office agrees with the balances shown in my books.

Investments of all Trust Funds as shown by the Trustees have been examined, and income from same properly accounted for.

In view of the general increase in property values, I recommend that a Committee be appointed to revise the Public Property account, so that this account may properly represent the true value of the property owned by the Town.

GEORGE McK. RICHARDSON,
Auditor.

BOARD OF HEALTH

The Board of Health herewith submits the twenty-ninth annual report of the department with a brief review of a few of its most important activities during the year.

At the Annual Town Meeting of March 5, 1923, Ernest R. Brooks, D.M.D., having received two thousand two hundred and seventy-two (2272) votes was declared re-elected a member of the Board for the term of three years. Dr. Brooks having been sworn to the faithful performance of his duties by the Town Clerk, the Board organized on March 5th, with the re-election of Mr. Alfred W. Lombard to serve as its Chairman for the ensuing year.

The following are the appointments made by the Board at the regular monthly meeting of April 2d, together with those of later date, made necessary by resignations:

APPOINTMENTS

WILLIAM H. BRADLEY, Agent and Clerk.

EZEKIEL PRATT, M.D., Physician to Board.

EZEKIEL PRATT, M.D., Bacteriologist.

*ALICE R. WATERHOUSE, Nurse (part time).

ETHEL M. FISHER, Nurse (part time).

E. F. MACKAY, D.M.D., Dental Operator.

MARION K. PEIRCE, Assistant to Dental Operator.

HELEN L. DUNK, Assistant to Dental Operator.

ALFRED W. LOMBARD, Inspector of Milk.

WILLIAM H. BRADLEY, Collector of Milk Samples.

*F. HOLDEN SMITH, V.M.D., Inspector of Slaughtering.

WILLIAM H. BRADLEY, Inspector of Slaughtering.

CHESTER L. BLAKELY, M.D.V., Inspector of Slaughtering.

Owing to the large number of cases of diphtheria occurring annually, the Board continued the policy begun the latter part of 1922, in conducting free Schick test and immunizing clinics,

* Resigned.

which, with the consent of the School Committee, were held in the several Town schools. At these clinics a total of eight hundred and forty-three persons were Schicked. Of this number six hundred and fifty showed a positive reaction, meaning that they were susceptible to diphtheria, and if exposed to the disease would probably contract it. Five hundred and fifty-two of these susceptibles were, upon request, given the immunizing treatment of toxin anti-toxin. Notwithstanding that in this, as in all other preventive measures where the injection of a serum is necessary, there is bound to be a diversity of opinion, yet we believe that the immunizing with toxin anti-toxin, when properly done, is a prime factor in combating diphtheria, and to those parents contemplating having their children immunized, we would advise the family physician as the proper person to administer the treatment.

The rapid growth of the Town calls for constantly increasing appropriations to meet the demands of public necessities, and public sewers being recognized as one of the most important of public necessities, we would accordingly recommend liberal appropriations for same.

The Valley sewer seems at last likely to become a reality, and with its completion, will be a piece of constructive work which will be of great service to the Town.

The Dental Clinic has completed another year of usefulness, and the results are plain to be seen in the improved condition of the mouths of our school children.

Miss Alice R. Waterhouse who, for the past two years has very efficiently filled the position of nurse (part time) for this department, tendered her resignation to take effect September 1, 1923. Miss Waterhouse resigned to accept the position of nurse in our public schools, and Miss Ethel M. Fisher was appointed to fill the vacancy, beginning her duties October 1, 1923.

In the Dental Clinic, Mrs. Marion K. Peirce, who has occupied the position of assistant to the Operator from the opening of the clinic, was obliged, owing to ill health, to relinquish the position January 1, 1924, and in her place Miss Helen L. Dunk has been appointed temporarily.

F. Holden Smith, V.M.D., who has served the Town as Inspector of Slaughtering from March 13, 1922, tendered his resignation to take effect December 1, 1923, and Chester L. Blakely, M. D. V., of Lexington was appointed to fill out the unexpired term.

The usual number of permits and licenses conforming with our regulations were issued during the year.

The reports of appointees, together with reports of vital statistics follow.

ALFRED W. LOMBARD,
CHARLES F. ATWOOD, M.D.,
ERNEST R. BROOKS, D.M.D.,
Board of Health.

REPORT OF THE DENTAL CLINIC

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit the annual report of the work performed in the Dental Clinic for the year ending December 31, 1923.

Total number of operations	1,888
Total number of cases treated	1,247
New cases	163
Cases dismissed	142

During the first week of the reopening of the schools in September for the Fall term, we made the usual examination of the teeth of the children of the second grade in all of the schools of the Town. In all we examined three hundred and fifty-nine children, and of this number we found that three hundred and five needed teeth treatment, or about 85%, which is the usual average each year. Cards were sent to the parents of these children urging immediate treatment, and the responses received were gratifying. The success of a clinic of this nature depends to a great extent upon the co-operation received from the principals and teachers of the several schools, and that we have this co-operation in Arlington is shown by the large number of children treated each year.

Respectfully submitted,

EDGAR F. MacKAY, D.M.D.,
Operator.

REPORT OF SUPERINTENDENT OF SCHOOLS

January 19, 1924.

To the School Committee of the Town of Arlington:

In this first report, I shall attempt to summarize the chief objects and results of my effort since taking charge of your school system in the summer of 1922.

A general study of the school situation in Arlington impressed me with several needs which are outlined in the following report, together with the measures employed to supply them.

I. UNIFORMITY OF PLAN AND PRACTICE IN SCHOOL WORK.

Because of varying conditions of overcrowding and the various solutions of the problems which had been worked out in the several schools, an undesirable lack of uniformity had grown up in the plans and methods of practice in the elementary schools. This is being overcome by the following methods:

Semi-Annual Examinations;

Plans for Uniform Outline Courses of Study;

Equalization of the Services of Special Teachers to the several schools;

Introduction of Uniform Time Allotment.

II. ELIMINATION OF EXPERIMENTAL POLICIES.

Although educational experimentation is necessary to progress in methods of education, it is my conviction that the public school is not the proper field for it. The Arlington schools appeared to suffer from the introduction into the elementary grades of subjects, activities and methods of organization belonging primarily in the Junior High School. These are being gradually withdrawn as follows:

- Elimination of Manual Training and Sewing from fourth and fifth grades;
- Elimination of Special Dramatic Work from elementary grades;
- Elimination of Departmental Organization from fourth and fifth grades.

III. REVISION OF METHODS OF BUSINESS ADMINISTRATION.

The business methods have been revised to a great extent, in order to accomplish the following:

- To take advantage of many more discounts on bills for payment in ten days;
- To quickly determine the status of any appropriation as all orders are charged against each appropriation on issuance;
- To check expenditure for each school under each appropriation, so that no school exceeds its share of any appropriation.

IV. REORGANIZATION OF DEPARTMENTS FOR ECONOMY.

The fact that the average number of pupils per teacher in the Arlington schools was comparatively low led to a study of the causes. Some of these were:

- Very small classes in several departments of the upper schools;
 - Too much spare time in some teaching schedules;
 - A super-organization of many special teachers in addition to full time supervisors.
- Much of this was changed last year in the following manner:
- Organization of Mechanic Arts Department with one less employee;
 - Organization of Household Arts Department with one less employee;
 - Organization of Dramatic Arts Department with two less employees;
 - Organization of Physical Training Department with three less employees;

- Organization of Supervising Principals with one less employee;
- Organization of Sub-primary Department with four less employees;
- Combination of small classes with four less employees.

These changes resulted in a large saving of expense to the Town. The increased cost to the Town of the School Department for 1923 and 1924 is only one third of the increased cost of 1921 and 1922, two periods very similar in growth of school population and new school accommodations, and increase in teachers' salaries.

This effort of Reorganization for Economy has been undertaken willingly by the school administration. We see on one side a general reaction against rapidly mounting school costs, and hear on the other side a national protest among educators against curtailment of school privileges. It seemed to us wise to plan our own economies along lines of sound pedagogy rather than to wait to suffer the grave losses sustained by sister school departments in arbitrary slashing of the School Budget. In Arlington, the desired result of economical administration has been accomplished by safe and sane treatment so that no major operation with its consequent dangers is needed.

V. ADDITIONS AND EXTENSIONS TO SCHOOL WORK.

The policy of the present administration has not been one of retrenchment and conservation alone, because many additions and extensions to the work have been effected.

The Physical Training work has been extended through the Junior and Senior High Schools, so that each student is actively engaged in some form of physical training exercise or outdoor game activity. This department covers the work of nearly fifteen hundred more boys and girls than formerly. The organization has thus supplanted the "athletic aristocracy" of a few highly trained athletes with the universal, democratic participation in exercises and games.

The work of the Junior High Schools has been given a great impetus in two ways; first, in the appointment of two principals, one for each school, so that a closer contact with

the individual needs of the pupils and a closer professional supervision of the teachers' work is possible; second, in the appointment of several splendid, well-equipped teachers who, together with the strong remaining members of the former faculties, make an organization more on a par with the High School faculty than has heretofore obtained.

One of the most valuable additions to the work has been the organization of an "Industrial Class" at the Junior High School Centre, to which older pupils of the several special classes can be promoted. The object is to combine with academic work, suited to the abilities of the individual pupils, a maximum of industrial work, and to form actual contacts with outside industrial organizations which will later lead naturally to employment along the line for which each pupil shows an aptitude.

Another important addition is the appointment of a Penmanship Supervisor on part time. The penmanship habits of pupils, especially in the primary grades, were such that the future ability of the pupils in hand writing was being seriously handicapped. This is being gradually overcome by the work of the teachers under the direction of the new Penmanship Supervisor.

Other additions of importance to the work are:

- Improved plans for work of Attendance Officer;
- Appointment of High School Matron;
- Extended use of School Halls and Gymnasiums;
- Complete lighting installation in two schools lacking such equipment.

Mention should be made of the very satisfactory results of the High School work in the matter of college entrance. Every student of the 1923 graduating class who applied for entrance to college last fall was successful. Entrances into college institutions of the highest standing were accomplished, many through College Board Examinations, with letters of congratulation from some of the Boards of Admission, on the splendid work done in our High School.

I cannot forego the opportunity to mention some of our needs for the immediate future, as follows:

More school buildings to relieve the crowding at Cutter, Crosby and Junior High Centre schools;

A partial revision of salary schedule to stop the constant turnover in employment in the Junior High Schools and upper elementary grades;

An incentive to better effort for Junior High and Senior High School students by offering scholarship rewards for high standard work. The income from twenty-five or thirty thousand dollars expended in this way would double the effectiveness of the work of these schools. This money should be provided not by appropriations but by funds or donations.

Provision is needed for shower baths, a swimming pool, and an enclosed athletic field at the High School, to place our physical training on a sounder, more healthful basis, and to relieve the constantly growing congestion of Spring and Fall afternoon game activities at Spy Pond Athletic Field.

This report would be entirely incomplete without an expression of appreciation of the work of the teachers, their energy, their faithfulness, their enthusiasm and zeal. During a period of reorganization, a time always trying to teachers, principals, and supervisors alike, the employees of the Arlington School Department have shown a spirit of loyalty and co-operation equalled only by their professional attitude displayed in a willingness to lay aside personal opinions and preferences for the good of the department as a whole.

I desire to express to the School Committee my genuine appreciation of and deep gratitude for the uniform courtesy and the splendid co-operation and support extended to me during my term of service.

Respectfully submitted,

CHESTER A. MOODY,

Superintendent of Schools.

REPORT OF SCHOOL COMMITTEE

To the Citizens of the Town of Arlington:

Your School Committee organized for the year on March 7. During the year 1923 it has held 10 regular meetings and 7 special meetings of the full Committee, besides a large number of meetings of sub-committees; special meetings, and the neces-

sary meetings of sub-committees, have greatly increased during the past year because of the growth of school affairs.

During the year the Committee has suffered the loss of two of its most valued members, Mrs. Arthur A. Lawson, who retired after fifteen years of service, and Mr. Herbert A. Snow, who acted during the greater part of his four years of tenure as Secretary to the Committee. The Committee records with gratitude its appreciation of the exceptional qualifications and the helpful service of these two members and its deep regret that they could not be induced to continue to serve. The new members elected to fill their places are Mrs. Charles A. Hardy and Mr. Foster P. Doane. On February 16 the school system lost a faithful and efficient servant in the death of Donald Higgins, who had served as a school janitor for eight years at the Junior High School Center.

A significant feature of the school year was the unveiling at the Crosby School on June 19 of a memorial to Mary A. Scanlan, who for 49 years as teacher and principal of the Crosby School so well served her pupils and her Town. The memorial is in the form of a flag pole, with a base by the sculptor Cyrus E. Dallin beautifully symbolizing the work of the teacher — a fitting tribute to a remarkable career.

At the last Town Meeting the Town was invited to consider the pressing need for added school accommodations. As a step in a building program, which must necessarily be continuous on account of the rapid growth of the Town, the voters at the March Town Meeting appointed a special committee on additional school accommodations. This committee reported on April 16, and at a special meeting held July 11 the Town voted for the construction of a new school at the Heights and appointed a building committee for that purpose. The new school, which will relieve the pressure on the Locke School, will, we believe, be ready for the opening of the school year next September; it is to be named the Pierce School. The Town will be asked at the next Town Meeting to provide an addition to the Cutter School and also to make some provision for the over-crowding at the Crosby School. East Arlington is entitled not only to a considerable enlargement of its present facilities for the grammar grades: it should have at a very

early date a Junior High School building as well. These necessities, foreseen several years ago and postponed because of unfavorable conditions in the building trade, can no longer be deferred. Since the opening of the Junior High School West, — the last addition to our housing facilities, — the average school attendance has increased from 3,258 to 3,798: clearly an increase of 16% here means a growth so large as to tax the capacity of not one, but all, of our present school buildings.

This building program, however, has brought an inevitable increase in Town expenditures, and the Committee has taken very seriously its responsibility to the Town to reduce its budget to the lowest possible figures. In this task it has had invaluable assistance from the Superintendent of Schools, who has made a thorough examination of the system at every point and suggested economies which the School Committee has already put into operation. President Pritchett of the Carnegie Foundation, in his annual report published last February, called attention to the alarming rate of increase in the expenditures for public schools. This increase, he pointed out, was due in part to natural growth, to improvement and enlargement of equipment, and to increase in teachers' salaries, but due in large part, in his opinion, to a mistaken view on the part of the public as to the true function of the public school. "The conception," says he, "that the public school is an agency in which any child may be taught any subject is fundamentally unsound and leads to expense beyond any man's estimate." Your Committee, sharing this opinion, is putting into effect a series of changes in the organization of our schools which, we believe, will result not only in economy but also in increased efficiency. These changes, to put the matter very briefly, are towards a reduction of departmental teaching in the grades, — with a consequent saving both of time and money, — a greater insistence upon the effective teaching of the fundamentals, and an emphasis, old-fashioned but sound, upon the conviction that, after all, the thing most important for the student in our public schools is his study of his books.

Respectfully submitted,

A. H. RICE,
Chairman.

April. No. 291. English Cathedrals.

August. No. 295. Scenes in Surrey, England.

August and September. No. 296. Arts and Crafts in Great Britain.

October. No. 297. Tower of London.

December. No. 298. Denmark.

Among the donors to the library during the year were Mrs. E. E. Bacon, Miss Esther Bailey, Mr. R. E. Conder, Miss Mildred Cottle, Mr. John A. Dadekian, Miss Grace E. Fettretch, Mrs. H. H. Homer, Mrs. Walter S. Leland, Robert Porter, Mrs. Carolyn Reed, St. Agnes Branch of the Holy Childhood Association, Mr. Edward B. Schwamb, Mrs. Peter Schwamb and Mrs. E. M. Steele.

We again thank Mr. Charles S. Parker for printing gratuitously the lists of New Books in the columns of the *Arlington Advocate*. Also for the complete file of that paper for 1923.

Answering the call for more reading matter for the American Merchant Marine Library Association, 161 books and 276 magazines were collected and forwarded.

Last spring we purchased an additional card-catalogue case as more room for cards was needed. Our counter has also been remodeled and much improved.

During Children's Book Week, November 11-17, the library had an exhibition of children's books in an effort to stimulate the interest of parents and children in good books for the child. There were also on view books showing the development of children's books from the beginning to the present day. The interest of the townspeople was shown by the fact that 798 persons visited the exhibit during the week. Stories were told to the children on Saturday, November 17, by two teachers who volunteered their services. Over two hundred children attended the story hours.

This year we have co-operated with the Junior High School in the classes for foreigners. Books in Swedish, Hungarian, Polish and Italian were borrowed from the Division of Public Libraries and two groups of foreigners visited the library.

On May 1st, the Board of Trustees gave a public reception to the librarian, Elizabeth J. Newton, in honor of her fifty

years of service. The reception was held in the Reading Room of the Library and an orchestra provided music for the occasion. The Chairman, Mr. Muller, presided and the speakers were Judge J. P. Parmenter, Rev. S. C. Bushnell and Charles F. D. Belden, librarian of Boston Public Library. Mr. Belden gave a fine address indicating what a library should stand for in the community. Mr. Cyrus E. Dallin presented Miss Newton with a purse of one thousand dollars in gold, given by the people of Arlington.

On December 11th, Miss Nettie E. Baston retired from her position as Reference Librarian on account of continued ill health. It is with regret that the Trustees and the librarian accept her resignation and express their appreciation of her twenty-five years of faithful and devoted service.

Miss Frances Hubbert was appointed Associate Librarian on October 1st. She is a graduate of the Pratt Institute School of Library Science in Brooklyn, has also taken a training course in the Public Library at Portland, Oregon, and for three years has been in the New York Public Library as First Assistant Librarian of the Extension Division.

Miss E. Louise Jones, Field Secretary of the Massachusetts Division of Public Libraries, made a survey of our library during the past year, and recommended certain methods of reorganization, among which were the reclassifying and re-cataloguing of books and the introduction of the Newark Charging System. During the coming year, we shall carry out Miss Jones's suggestions, and with other contemplated improvements hope to broaden the scope and activities of the library and make it a more vital force in the community.

Respectfully submitted,

TOWN ENGINEER'S REPORT

ARLINGTON, MASS., January 1, 1924.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1923.

The Engineering Department furnishes all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and location of new work, additions, changes and extensions as they may occur, and properly records the same for future reference by maps, plans or profiles.

The north side of Massachusetts Avenue from the Old Town Hall to Water Street, four hundred and forty-two (442) linear feet, the south side of Massachusetts Avenue from opposite Medford Street to Pleasant Street, four hundred ninety-seven (497) feet, and the south side of Massachusetts Avenue from Magnolia Street to Chandler Street, one thousand and thirty (1,030) linear feet, was reconstructed with Compressed Hassam Concrete. The excavated material was used for subgrading Adams Street, Gould Road and Devereaux Street.

The north side of Massachusetts Avenue from Grove Street westerly three hundred twenty-two and six-tenths (322.6) linear feet, was reconstructed with Simasco Pavement.

Adams Street from Massachusetts Avenue to Broadway, nine hundred and thirty (930) linear feet, Gould Road from Pleasant Street to Shore Road, four hundred and ninety (490) linear feet, and Devereaux Street from old end southwesterly two hundred and ninety (290) linear feet, were reconstructed under the betterment act.

Four thousand one hundred and forty-eight (4,148.0) square yards of granolithic sidewalks, and one thousand six hundred and fifty-six (1,656.0) linear feet of granite curb were laid.

Five thousand two hundred and eighty-eight (5,288.0) square yards of tar concrete surfacing was placed on temporary tar sidewalks in the Heights section.

A total length of five thousand two hundred and forty-three (5,243) linear feet of main sewers were constructed and two hundred and forty-five (245) house connections were made; work having been done by the Board of Public Works employees.

Ten thousand five hundred and four (10,504) linear feet of water mains were laid and thirteen thousand six hundred and sixty-five (13,665) linear feet of water services constructed.

Prior to the reconstruction of Massachusetts Avenue, Gould Road and Devereaux Street, adequate storm drain systems were installed. For details and cost of construction see Board of Public Works Report.

An eighteen (18) inch storm drain was installed in Summer Street from Brattle Street westerly seven hundred and seventy-six (776) linear feet, a twelve (12) inch storm drain in Oakland Avenue from Appleton Street to Gray Street, and two (2) new catch basins were installed on Chestnut Street at Mystic Street to relieve surface water conditions in these sections.

Board of Survey studies were made for the layout of streets on land bounded by Massachusetts Avenue, Highland Avenue, Menotomy Rocks Park and Bartlett Avenue; on the area bounded by Massachusetts Avenue, Lake Street, Magnolia Street and B. & L. R.R.; on land bounded by Highland Avenue, Gloucester Street, Pine Ridge Road and Eastern Avenue; on area bounded by Massachusetts Avenue, Appleton Street and Daniels Street; and on land bounded by Lake Street, Lakehill Avenue and Spy Pond to Belmont Line; and of the section bounded by Medford Street, Hayes Street, Webcowet Road and Orchard Terrace.

Five (5) Board of Survey plans were verified by this Department and approved by the Board of Survey.

Street numbering plans of all new streets have been made, new buildings located, and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of structures for which permits were granted by the Joint Board during the year.

The Engineering Department has prepared plans and performed miscellaneous services for all the Town departments and for the Town Counsel.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths and total mileage; also a table of general statistics pertaining to the Town.

GEORGE E. AHERN,
*Town Engineer and Superintendent
of Public Works.*

HIGHWAY DIVISION

An appropriation of \$112,000 was made for the Highway Division. Owing to the fact that this section was visited last year by none of the heavy showers, which in the past have badly washed sidewalks and streets in the hill district and filled up storm drain catch basins, the Board was able to allow a transfer of \$2,500 of this amount to the Health Department, and also to turn back to the Town practically \$3,000 from the sub-division of Maintenance of Highways.

Besides treating public streets with tar and asphaltic oils at a cost of \$18,306.59, maintaining storm drains and cleaning catch basins at a cost of \$3,105.05, repairing and cleaning streets at a cost of \$28,846.23, caring for and repairing gravel sidewalks and permanent sidewalks at a cost of \$6,308.61 a top surface of tar of not less than one inch in thickness was placed on sidewalks of streets at the Heights, which years ago were given what was known as a temporary tar treatment, although this type of sidewalk did not wash away, yet with the passing of time the smaller stones on the top worked out and the larger bottom stones worked up, making the surface very rough, so that in many instances people preferred to walk on the streets themselves. This year 5,561 square yards of this class of sidewalk were retopped, and the Town now has excellent sidewalks on these streets. The cost of this work was \$7,033.84.

Twenty thousand dollars was allowed for reconstruction of streets, and with this money a section on the south side of Massachusetts Avenue, between Pleasant Street and Medford Street, on the north side of Massachusetts Avenue from the Old Town Hall to Water Street, and on the south side of Massachusetts Avenue, from Magnolia to Chandler Streets were resurfaced with Hassam Compressed Concrete Pavement, and a small section on the north side of Massachusetts Avenue, from Grove Street northerly, was reconstructed with Simasco Pavement.

Reconstruction work on Massachusetts Avenue should be continued without interruption, and not less than \$20,000 should be expended each year on this work until all the Avenue has been gone over. The old sections yearly become more

expensive to maintain and of necessity are growing more uneven. A so-called permanent pavement is needed to hold up under the heavy traffic which the Avenue has to stand, and only when this type of pavement covers the whole Avenue will the Town have a street, the maintenance of which will be very little and with an easy riding surface that the traveling public will appreciate.

In connection with the reconstruction of Massachusetts Avenue, storm drains were laid from Railroad Avenue to Water Street and from Magnolia to Lake Streets. Storm drains were also constructed in Gould Road, Devereaux Street Extension, Oakland Avenue and Summer Street.

Under the direction of this Board, Adams Street, Gould Road and Devereaux Street Extension, which were accepted by the Town at the March Meeting, were constructed. Tables 1 and 2 will show the details of maintenance, construction, snow and ice and storm drain construction costs.

The value of the property controlled by the Highway Division, January 1, 1924, amounted to \$40,729.56, classified as follows:

WATER DIVISION

Ten thousand seven hundred and forty-four feet of water mains were laid during the year and connected with the Metropolitan system. Details of this construction will be found in Table 6.

The value of the property controlled by the Water Division January 1, 1924, amounts to \$19,778.28, of which \$7,500 is invested in buildings, \$3,500 in tools and equipment, and \$8,778.28 in material available for new work.

SERVICES

Two hundred and sixty-two new services have been added during the year and twelve services abandoned. There are for all purposes 2,121 on the low, 1,809 on the high, and 13 on the old reservoir system. On the Metropolitan water supply there are 23 services for municipal buildings included in the above, 10 for street-watering standpipes and 40 for sewer flushing purposes. On January 1, 1924, 122 services were temporarily out of use.

METERS

Two hundred and fifty meters were set on services installed during 1920, 1921, 1922 and 1923. The total number of meters in use January 1, 1924, is 3,893.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The Joint Board of Selectmen and Board of Public Works herewith submit their twentieth annual report of the work of the Board for the year ending December 31, 1923.

Mr. Charles B. Devereaux was re-elected a member of the Board of Selectmen at the Annual Town Election and continued a member of the Joint Board by reason of that fact.

Mr. Carl H. Bunker was elected a member of the Board of Public Works and by virtue of his position on that Board became a member of the Joint Board.

The Board organized with Charles H. Higgins as Chairman and S. Frederick Hicks as Clerk.

The Board wishes at this time to make public record of its appreciation of the long, painstaking and efficient service rendered in the capacity of clerk to the Board by the late Thomas J. Robinson. Mr. Robinson served as Clerk of the Joint Board of Selectmen and Board of Public Works from November, 1910, until the beginning of the present year, when ill health made it inadvisable for him to attempt to fill this position longer. His death very shortly after the organization of the present Board came as a shock and as the loss of a personal friend to each member.

The following appointments were made for the year ending April 1, 1924:

Town Counsel, Paul M. White; Town Engineer and Superintendent of Public Works, George E. Ahern; Superintendent of Wires, William E. Mason.

During the year the Board has continued its policy of acting under requirements established in 1922 relating to the preparation of plans submitted to the Board of Survey providing in outline as follows:

1. Applications for approval of plans to be made on regular provided forms.

2. Plans and profiles to be submitted on tracing cloth of uniform prescribed size, and drawings to be to prescribed scale.

3. General plan of plot to be submitted on separate sheet showing specified required data.

4. Plans of streets to be accompanied by profiles showing required information.

5. Information must be given regarding boundary and street line distances and angles and radii of curves and widths of streets.

6. Requirement of minimum width of 40 feet.

7. Plans must show proposed drainage and give contour lines.

8. Names of proposed streets must be approved by the Board.

9. Stone bounds definitely marking street boundary lines must be placed.

10. Public hearing shall be given on petition for approval of streets.

11. Deposit to be made to cover costs incidental to advertising, recording, etc.

It is believed that application of these rules places much of the engineering expense upon the parties developing tracts of land, where the burden rightly belongs, and also provides uniform plans and information for filing with the engineering department of the Town.

STREET LIGHTING

Lighting of our public ways has been continued during the year on the all-night schedule with general satisfaction and convenience to all the citizens of the Town.

Amount appropriated for street lighting in 1923	\$18,500.00
Amount expended for street lighting in 1923	17,723.06
	<hr/>
Unexpended balance	\$776.94

POLICE AND FIRE ALARM SIGNAL SYSTEMS

Work has been continued during the year on placing the wires of our signal systems underground, where they are less vulnerable to damage from the elements.

An outside fire alarm box has been placed this year on or near each of our school houses, thus affording more ready access to the boxes in case of emergency during the considerable periods of each day and of the year when the buildings are unoccupied. These boxes are also available for general use and thus provide increased protection for property in the immediate vicinity of the schools.

PERMANENT SIDEWALKS

Two thousand three hundred and eight square yards of granolithic sidewalks and 681 linear feet of granite curb were laid during the year. The Board advertised early in the season that all petitions from individual property owners for permanent sidewalks should be filed on or before August 1st. After that date the balance of the money available for this purpose was assigned to sections of sidewalks where the Board deemed it might be most advantageously used either to prevent washing out of sidewalks on hillside streets or to fill in sections between existing permanent sidewalks, so as to afford continuous improved walks wherever possible. The policy has also been adopted of installing permanent sidewalks at the time of constructing all newly accepted streets. It is hoped that this policy will be adhered to and by this means we may gradually provide for the enjoyment of improved walks to a far greater extent than is the case at the present time.

Granite curbing is being installed on Massachusetts Avenue in connection with each section reconstructed, and it is hoped that in the near future the curbing on this thoroughfare may be completed and that placing of curbing on other main thoroughfares may be undertaken.

DEVELOPMENT OF NEW TERRITORY

The rough grading of proposed streets on the "Locke Farm" area has been progressing during the year and the work is now completed on all streets laid out between Massachusetts Avenue and Gray Street.

In April of this year plans were presented for approval by the Board of the tract owned by Herbert F. Allen, on the south

side of Lake Street, between Massachusetts Avenue and the Boston & Maine Railroad. This area comprises approximately 25 acres.

The proposed streets as approved by the Board of Survey have been brought to established subgrade and much activity in new building operations is in evidence.

The Board has also approved during the year layouts of a tract on Lake Street belonging to Dunne & Muirhead, a tract on Medford Street belonging to William H. Jones, and a tract on Highland Avenue under development by Smith and Robbins and designated as Highland Gardens.

MYSTIC STREET CONSTRUCTION

It has been realized for some time by those charged with the responsibility of maintaining the Town's highways that Mystic Street was in need of comprehensive reconstruction.

In the fall of 1922 your Board made request of the State and County authorities having to do with highways that they co-operate with the Town in reconstructing Mystic Street. Favorable consideration was finally secured, material aid in accomplishing this result having been rendered by the Senator and Representative from this district, and it was agreed that approximately one third of the expense of reconstruction from Summer Street to the Winchester line should be borne by each of the three participants.

Participation in this work was conditioned upon agreement by the Public Trustees of the Eastern Massachusetts Street Railway Company to repair their tracks so that the life of the roadbed might reasonably be expected to be at least ten years, to conform to the probable life of the pavement to be used on the travelled way at either side of the car tracks.

Co-operation of the railroad management was secured and, after considerable delay, the tracks were renewed and the granite-block paving between and alongside the rails were re-laid in cement grout.

As fast as work on the car tracks would permit, the street was reconstructed with Simasco pavement. When the lateness of the season made suspension of further work desirable,

the work of relaying the car tracks had been completed for the entire distance specified and the street pavement had been completed to a point approximately 300 feet beyond the junction of Old Mystic and Mystic Streets. The balance of the work will be completed as soon as conditions warrant the resumption of work in the spring.

Your Board feels that a most happy solution of the problem of improving Mystic Street has in part been found.

ESTABLISHING EXTERIOR LINES

On several occasions your Board has recommended to the Town the establishing of exterior lines through private property of ways projected and in part approved or constructed with the object of insuring proper outlets to existing streets of such proposed or partially constructed ways.

With watchfulness on the part of your officials, it is believed that this action as authorized by statute will make for the systematic and advantageous development of the street system and that it should be resorted to frequently in the future.

Respectfully submitted,

REPORT OF PLANNING BOARD

Membership of the Board, for this year, was filled by the election of Herbert M. Dutcher. The recent appointment of a Committee to report on zoning is a step forward in one most important department of Town Planning. Favorable action on this will establish suitable districts for the erection of such buildings as would decrease valuations if located along main highways or in residential sections.

A Division of Planning, in the Metropolitan District Commission, was created by an act of the last legislative session. Its work will largely cover mutual problems of traffic and transportation. While it will consult local planning boards, it will depend on the co-operation of the executive boards of the various cities and towns to carry out its recommendations.

Until such time as a survey of the Town may be provided for, recommendations of the local Board can only apply to individual improvements. This year has seen the beginning of an appreciation, both by individuals and organizations, that further development should be along well-planned, orderly lines, and not at random. This will require a specific plan of the Town, and portions of it can be adopted and financed during successive years.

Such a plan will also be necessary to assist in the work already assigned to the Board of Park Commissioners, and in establishing thoroughfares and building lines in conjunction with the work of the above Division of Planning.

This would seem to be an appropriate time, therefore, to recommend that a suitable appropriation should be made for this purpose, recognizing that the value of working from a definite and comprehensive plan will repay the original cost many times over.

REPORT OF BOARD OF PARK COMMISSIONERS

FOR THE TOWN OF ARLINGTON

The Board of Park Commissioners beg to submit the following report of their actions for the year 1923.

The usual routine work has been done, such as keeping the land under their jurisdiction in order as well as could be done with the appropriations allowed. It is the feeling of the Board that the time has come for more work being done on the parks in order to keep them in the condition the Town of Arlington is entitled to have them, but this cannot be done with the small appropriation received. It is recommended that the incoming Park Commissioners be allowed at least \$500 more to care for the land under their jurisdiction.

Your Board this year, in addition to the usual upkeep, have installed a fountain, at the suggestion of the Search Light Club, at the entrance to Menotomy Rocks Park, and also have let contracts for the demolition of the buildings at the junction of Massachusetts Avenue and Broadway, which at this writing is practically completed.

They have also taken, by eminent domain, for park purposes, the Hills Pond lot amounting to about $5\frac{1}{2}$ acres, which they trust the Town will vote in favor of, as we believe this land should belong to the Town for park purposes.

Respectfully submitted,

PERCY A. GOODALE, *Chairman.*

REPORT OF TREE WARDEN

(For Year Ending December 31, 1923)

I herewith submit my annual report as Tree Warden.

The planting and care of trees along our highways is today a serious matter. It is one which brings a good deal of discouragement to one who is interested in the beauty of our Town. The past year a tremendous expansion of land development occurred. Many new streets were laid out in those developments and on account of radius at junction of streets some of our old and stately elms will have to go. Every factor that contributes to make our Town more desirable to live and work in should be given serious thought and the subject of street trees for shade and beauty is one of importance. The extreme drought of the past summer compelled me to resort to hand watering of our small trees which were planted in the spring. All the trees on our streets have been trimmed. Those where the Edison light wires run through were trimmed at their expense.

Thirty-three trees were removed by this department and nine by the Board of Public Works, on which hearings were held and no objections filed.

Two hundred and thirty trees were planted, and to tree the new streets that are laid out for acceptance it will take at least 300 trees this year. I would recommend to carry on the work this year that we appropriate the sum of \$2,600. The following is the expense and nature of work done the past year.
